Reimagining Supply Chains for People, Planet and Peace

11 DECEMBER 2026 FRIDAY

AMAL COLLEGE OF ADVANCED STUDIES (AUTONOMOUS), NILAMBUR

Keralam, India - 679329 www.amalcollege.ac.in
(Run by: Nilambur Muslim Orphanage Committee)
NAAC Re-accredited with **A++ Grade, 34th Rank in KIRF**

About **Amal College**

Amal College of Advanced Studies (Autonomous), Nilambur, established in 2005 and managed by NMOC, is a Government-aided institution affiliated with the University of Calicut. Recognised under UGC 2(f) and 12(B), it holds NAAC A++ accreditation (CGPA 3.59) and secured 34th rank in KIRF 2026.

About Department of **Logistics Management**

The Department of B.Voc Logistics Management develops industry-ready professionals through practical training and academic learning in logistics, supply chain management, transportation, warehousing and distribution, supported by workshops, industrial visits and placement-oriented skill development.

About **AMALIT International Conference**

AMALIT is Amal College's flagship International Research Summit, promoting interdisciplinary research, innovation and global academic collaboration. AMALIT IV (December 7–11, 2026), themed "Neoscapes: Converging People, Planet and Peace," brings together academicians, researchers, industry experts and students to exchange knowledge and inspire transformative ideas.

Logistics Management Track

Theme

NeoLogistics:
Reimagining Supply Chains for People, Planet and Peace

Sub - Themes

- Human-Centric Logistics: Building Inclusive, Ethical and Resilient Supply Networks
- GreenFlow: Decarbonising Logistics for a Regenerative Planet
- AI, Digital Twins and Autonomous Logistics: Engineering Peace through Intelligent Supply Chains

NeoLogistics: Reimagining Supply Chains for People, Planet and Peace highlights the need to transform conventional logistics into inclusive, sustainable and technology-driven supply networks. The conference explores three interconnected dimensions: human-centric logistics, promoting ethical practices, social inclusion and supply chain resilience; GreenFlow, emphasising decarbonisation, renewable energy and environmentally responsible logistics.
